E M C A feel as if something had got in my tireat, And was choking against the strap. begged "Thoit on it. Captain."

A good story has been told of a lisping officer in the United States Army, having been victimized by a brother officer, (who was noted for his cool deliberation and strong nerve;) and his getting square with him in the following manner: The cool joker, a captain, was always quizzing the lisping officer, a lieutenant, for his ner-

"Why," said he one day, in the presence of his company, "nervousness is all nonsense—I tell you, lieutenant, no brave man will be nervous."

"Well," inquired the lisping friend, " how would you do, thoose a thell with an inch futhee thould drop itthelf in a walled angle in which you had taken thelter from a company of tharp thooters, and where it wath thertain that if you "How," said the captain, winking at * the circle, "why, take it cool, and spit on the fusee."

The party broke up and retired for the night, except the patrol. The next mor-ning a number of soldiers were assembled and talking in clusters, when along came the lisping lieutenant: lazily opening his eyes, he remarked-

"I want to try an experiment thith morning, and thee how extheedingly cool Farmer. you can be."

Saying which, he walked deliberately up to the fire burning on the hearth, and placing in its hottest centre a powder canister, instantly retreated. There was but one mode of egress from the quarters, and that was upon the parade ground, gent and that was upon the parade ground, gent and enterprising from the parade ground, gent and enterprising from the parade ground. the road being built up for defence; the occupant took one glance at the canister, comprehended his situation, and in a moment dashed at the door, but it was fastened on the outside.

"Charley, let me out, if you love me!" shouted the captain. "Their on the canithter !" shouted he,

Not a moment was to be lost; he had egress, but now dropping it, he raised the sans everything but a very short under end, he dashed upon a full parade ground. The shouts which hailed him, brought ont the whole barracks to see what was

"Why didn't you thpit on it?" inquired the lieutenant. "Because there were no sharp-shooters

All I have got to thay, then, ith, said the lieutenant, "that you might

thafely done it, for I thwear there wathn't - a thingle grain of powder in it." The captain has never spoken against

nervousness since.

What a queer conceit!" said Mrs. Partington, as Ike read in the proceedings of the Senate, that sundry persons had introduced a petition for incorporation for manufacturing purposes. He had his mouth full of ginger-bread at the time, from a quantity of such that he had stow. Post gives some "advice to the tillers of ed away in his pocket, and his articulation the soil," from which we take the fol was not very distinct. "Manufacturing lowing sensible and timely remarks: Mountain," and became absorbed in the abroad. adventures of Dona Irena and the Black Knight, in the dark forests, at midnight, and the seven brigands got slewed.

All you have to do, is to suit, and pack away in salt in a cask, to let go the banisters and then make a and put in a cool dry place, and they stumble!"

For the

Various Hints for the Season.

1. As the pastures become short and dry, your stock will betray symptoms of personal trial: grain, or meal, or by all these means natmeg, or rose water. combined. There will be a great amount Gold Cake. -Stir to a cream oneof food for stock this fall. This may half cup of butter with two of sugar; add 400 boxes soap; 100 boxes starch; tempt many to try to keep too much the volks of six curs well heaten, and, if 200 bxs tallow candles; 75 half boxes decided.

were. A little attention to this matter some an improvement. now will enable you to add to your number of fruit trees judiciously.
3. Repair all leaky places in roofs;

nail up all open spots in the sides of barns and sheds, and provide good sheltumn storms occur.

4. The autumn is the best time for tection. Paint, therefore, soon, all fences, posts, gates, sheds and buildings that need painting, whether new or old.

5. A few days since, we saw a havrack, several plows, a harrow, a cart, some oxyokes and a one-horse wagon lying out of doors. They were baking in the sun, and cracking open with expo-sure. Near by them was plenty of room to keep them all under good shelter. We won't tell the man's name; but we hope that when he reads this, he, and all others who have done the same thing, will put all such implements under cover .- Ohio

Winter Wheat.

winter wheat approximates closely to a length, bent by levers, and formed upon sure crop in Minnesota. We have con- dies, swedged and punched at one congent and enterprising farmers, and all in Allegheny, we are informed, makes be as successfully raised in this Territory and, judging from the specimen we saw, as in any other part os the United States.

We are determined to make a large low figures as any house in the West. Call and Whatever doubts may have a risted the control of this House has determined to make a large low figures as any house in the West. Call and the low figures as any house in the West. Whatever doubts may have existed, them afterwards to fit them for use. The heretofore, as to the feasibility of cultivating this crop in our rigorous climate, straining of the fibre of the metal. This must be dissipated by the very extraordi- machine accomplishes at one continuous nary yield of this season. No person can feel well while under a coative ha

embraced in the bills which have been pending in Congress for the last two or three years, and on which, as before stated, favorable action has 10X15, 12X18, 18X22, 18X24, 20X30, been had in each House at different sessions of

Desirous of placing within the reach of all the descendants of Revolutionary Officers the means of ascertaining whether or not the names of their of ascertaining eacher or not the names of their ancestors are found upon the authentic rolls of the Army, among those embraced in the bills referred to, the undersigned will furnish for pub-lication, to all publishers of newspapers who will give this advertisement three insertions in their papers respectively (and send a copy thereof to him) full lists of the officers aforesaid for the thir teen original States. The publication of these lists will effectually remove one main objection to the proposed bill which has been raised by some members of Congress, to-wit: that these claims were known only to agents, who would charge exorbitant commissions for the presecution and recovery of them, leaving but little to

the claimants If claimants, with a full knowledge of their rights, think proper to give one-half, or any other portion of their claims to their attorneys, the wrath against spents, would procure the publica-tion of the lists of claims embraced in every law they enact, (so far as the records of the gov-ernment furnish the names of parties entitled,) they would render a far more valuable services to their constituents, than by exposing a law to pay just claims on the pretext that agents will stitution, established by special endowment, for the receive large fees for their services.

The Howard Association is a benevoicus stitution, established by special endowment, for the relief of the sick and distressed, afflicted with "Virulent and Epidemic Diseases." It with "Virulent and Epidemic Diseases."

It is not, however, the purpose of the under-signed to interfere, in any manner, with mem-bers of Congress, in the discharge of their dubers of Congress, in the discharge of their dufies, nor with agents in the recovery of their
commissions, whether high or low. The publication of the lists in the newspapers, is, in his
judgment, a simple act of justice to elaimants—
and it is but just to himself, and cannot possibly
be complained of by others when he state.

and it is but just to himself, and cannot possibly be complained of by others when he states, that for the prosecution and recovery of the claims of Oficers of the Continental Army, whose names are on the lists referred to, his commissions will uniformly be five per cent. on the amount recovered. His commissions in other cases will be a matter of special contract.

To save all unnecessary correspondence, the undersigned states, that he cannot attend to claims of soldiers for pensions under the act of 1832, nor can he make investigations into any pension cases "suspended" by the Pension Office, without the pre-payment of a fee. The cases of widows, under the act of 3d of February, 1853, who are entitled to arrears from 1848, will be prosecuted in the Court of Claims for a comprosecuted in the Court of Claims for a commission of ten per cent. on the arrears.

Letters making inquiries about claims of various descriptions cannot be answered, unless a fee accompanies the application. The fine re-quired to exumine cases, and the necessary ex-pense of correspondence, in time, postages, &c., &c., forbid such examinations, without sees com-

ensation therefor. Persons who may wish to know on what term nerally, the undersigned will investigate and necotte claims, may learn, by addressing him a letter enclosing a postage stamp and asking for his "Circular to correspondents." VESPASIAN ELLIS,

Howard Association, Philadelphia. IMPORTANT ANNOUNCEMENT!! TO all persons afflicted with Sexual Diseases,

Wall persons afflicted with Sexual Diseases, such as Spermatorrheas, Seminal Weakness, Impotence, Gonorrheas, Gleet, Syphilia, the vice of Onanism, or Self Abuse, &c., &c.

The Howard Association, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, have directed their Consulting Surgeon, as a charitable set worthy of their name. portion of their cuains to complain. If mem-government has no right to complain. If mem-bers of Congress, instead of fulminating their bers of Congress, instead of fulminating their to give Medical Advice Gratia, to all persons thus afficted, who apply by letter, with a des tion of the lists of claims embraced in every law they enact, (so far as the records of the gov. ernment furnish the names of parties entitled,) they would render a far more valuable service to their constituents, than by opposing a law to pay just claims on the pretext that agents will refer the condition of their condition, (age, occupation habits of life, &c.,) and in cases of extrems poverty and suffering, to furnish Medicines Free of Charge.

The Howard Association is a benevolent in
